About Jodi Heights:

In the sea of singer-songwriters, Jodi Heights stands out with her classically-honed technique and her brilliant lyrics that plumb the depths of everyday life. She holds multiple degrees in music, including a Master of Music from New England Conservatory.

In 2022, Jodi released the singles "White Knight", "Aurora" (her first original on Celtic harp), and "Fine Wine" (followed by her debut music video). She also released a 3-song EP, *Triptych*, which focused on urgent concerns in our modern world: climate change, the pandemic, and the growing wealth gap.

Clout Magazine Oct. 2022

"Thanks to her classical style and penchant for crafting and weaving immersive narratives within her lyrics, Jodi Heights is an artist who has struck a chord with us as someone with a package and style that feels entirely one of a kind, oozing with personality and the singer-songwriter's distinctive charm and charisma."
